

FEDERASI ICE SKATING INDONESIA
INDONESIA ICE SKATING FEDERATION

COMMUNICATION No: 014/2024

Announcement: Clarification of Levels in Figure Skating National Championship

Dear Skaters and Coaches,

We would like to clarify the requirements for competing in the various levels of the upcoming National Championship:

Level Eligibility: Skaters must have passed the test for the level they wish to compete in. This ensures that all participants are competing at an appropriate skill level.

Competing in Lower Categories: If a skater has passed a test for a higher level, they are permitted to compete in the lower category provided they meet the age requirements for that category (have not competed in higher category in any Indonesia National Championship/ Kejurnas or any ISU & International competitions)

Please make sure to verify your test results and age eligibility before registering for the competition. This will help ensure a smooth and fair event for all participants.

Jakarta, 12 July 2024

Suzan Herawaty, S.E., President
